

POWER TOOLS CAPABILITIES:

Durability, performance, and value are critical to delivering label solutions to outdoor power equipment and power tool manufacturers. These customers need to know that their labels will perform well outdoors and take the same abuse their tools and equipment are designed to hold up against. With Empire's extensive label product testing capabilities, Empire can prove their labels meet or exceed your label performance requirements while delivering ultimate value.

APPLICATIONS:

- Control Panels
- Decorative and/or Informative Graphics
- Nameplates
- Packaging Labels & Header cards
- Overlays
- Warning and Danger Decals

- Metals: Aluminum and Stainless Steel

PRINTING CAPABILITIES:

- UV LED Screen Printing: 3, 6, & 12 colors presses: Sheet-fed & Roll-to-Roll
- Digital: Sheet-fed & Roll-to-Roll
- Flexographic

FINISHING AND SPECIAL FEATURES:

- Embossing
- Doming (Marine Grade)
- Die Cutting
- Laser & Digital Cutting
- Chemical Resistant
- Serializing
- Selective Texture
- Dead fronts
- LED Windows
- Transparent Colors
- Abrasion Resistant
- Variable Data
- Color Matching
- Anti-Microbial
- Die-cut Adhesive
- Hard Tooling
- Packing & Kitting

PRODUCT INFORMATION VINYL DECAL

PRODUCT IDENTIFICATION SYNTHETIC PAPER TAG

SCREEN PRINT OVERLAY & VINYL WARNING DECALS

MATERIAL THICKNESS:

- .005" - .06"

QUANTITIES:

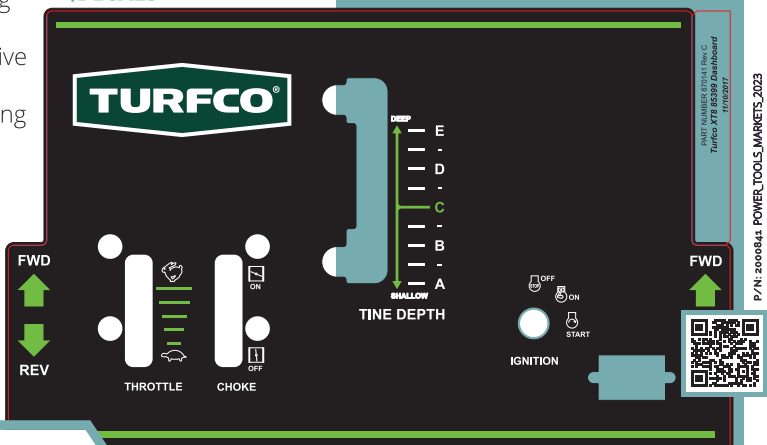

- Prototyping – Large Scale Production

QUALITY AND COMPLIANCE:

- ISO 9001:2015 Certified
- UL-Authorized Label Supplier
- Certificates of Compliance
- G7 Compliant
- Wisconsin Green Tier 1
- First Article Inspections
- RoHS Compliant

AWARD WINNING:

- WI Family Business of the Year (2016, 2018)
- PRINTING United Alliance (SGIA) Sustainability Recognition Award (2013, 2015, 2016, 2017, 2018, 2020, 2021)
